# Halogen

### ORDERING INFORMATION

Order code: 63803

**Description:** H70/PAR38/ECO/FL/120V/STD

UPC: 69549638037

Case quantity: 15

► Estimated Energy Cost per year: \$8.43

► Life in years\*: 1.4 years

► Replaces a 90 Watts Halogen PAR lamp

► Provides a crisp white light

### LAMP CHARACTERISTICS

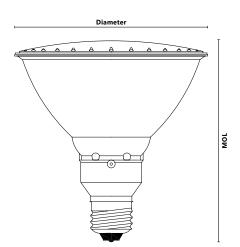

Energy Saving PAR (ECO) Type:

Shape: PAR38 Base: E26 Lens finish: Clear Reflector finish: Silver CC-8 **Filament Shape:** Hard glass Lamp material:

Beam angle: 35°

70 W Watts: Voltage: 120 V Colour temperature (K): 2 900 Colour Rendering Index (CRI): 100 Average life (hours): 1 500 Operating position: Universal Initial lumen (lm): 1 301 Center Beam Candle Power (CBCP): 1 100

MOL: 5 3/16 in. (132 mm)

For indoor or outdoor use, where not directly exposed to weather. Do not use lamp if outer glass is scratched or broken to avoid breakage. Even though lamp may continue to light, if the outer glass is damaged, immediately discontinue use. Since the inner capsule operates at high temperature and pressure and could unexpectedly shatter, thereby creating a risk of person injury or property damage. Do not use lamp in close proximity to combustible materials or those adversely affected by drying or fading action because of heat radiation in the beam.

<sup>\*</sup>Based on 3 hours per day usage
